WOMEN READ THE ADVE.

Live newspapers make an effort to
put before the public the fact that "It
pays to advertise." But it is not of-
ten that a woman will clip an article
that deals with advertising and bring
it to the desk. She is just an ordi-
nary every-day wife and mother but
finds time to read. And this is what
she handed in:

Who Should Advertise.

It is truly said: "Advertising is
the education of the public as to who
you are, where you are, and what you
have to offer in the way of skill, tal-
ent, or commodity. The only man
who should not advertise is the one
who has nothing to offer in the way
of advice or who cannot make good."

APPRECIATIONS

Several nice Christmas greeting
cards have reached the desk, notable
among which is one from J. P. Rob-
ertson, grocer, and one from the
wholesale stationary firm of Dunlin,
Gillies & Co. of Hamilton. One of
the most appreciated is a personal let-
ter from J. A. Campbell, manager of
the Grimsby branch of the Bank of
Hamilton. The idea is unique and
will surely be appreciated by all re-
cipients. The letter reads:

Bank of Hamilton, Grimsby,
Dec. 23, 1921.

Messrs. Jas. A. Livingston & Sons,
Publishers, Grimsby.
Gentlemen:—I take this opportu-
nity of thanking you for your business
in the past year and can assure you
that we will give your account our
best service in the coming year.
Wishing you and all your staff the
compliments of the Holiday Season
and All Prosperity in the New Year.
I remain, yours faithfully,
J. A. Campbell,
Manager.

On December 7, 1921, The Inde-
pendent started a new era in its
career by the advancing from a six-
column to a seven-column paper,
which of course necessitated the pur-
chasing of a different paper on which
to print the larger size. As is usual
the wholesale house was taken into
consultation in order to get the best
suitable stock. Several have remark-
ed the improvement and the follow-
ing letter from the wholesalers shows
that they are at least not ashamed of
the stock supplied and verify the
opinions expressed by others locally:

Hamilton, Ont., Dec. 20, 1921.
Messrs. Jas. A. Livingston & Sons,
Grimsby, Ont.

Gentlemen:—
Mr. Rason has given us the two
copies of The Independent, which he
received when recently in Grimsby.
The paper is very pleasing and
should be an increasing factor for
good in your town. We are glad that
the paper we shipped you shows up to
good advantage there.

Wishing you the compliments of the
Season and prosperity for the coming
year, we are,
Yours truly,
Dustin Gillies & Co. Limited.

NEW CHURNING METHOD

A near by farmer has a novel meth-
od of doing the family churning.
That was one of the hated chores of
long ago, and it had to be done be-
fore breakfast. Times have changed,
the drudgery has been eliminated and
the hated monotony has now become
a labor of love. The same old churn
will do but it must be more than half
full of cream. During the operation
the lid must be screwed down and
the whole contraption bolted to the
bottom of a car; a Ford will do. Now
everything is ready, and after run-
ning four miles and back over any
part of the Ontario Road System the
work will be done and the dairymaid
may skim off the butter. We can't
vouch for the success of the work but
pass it on to those who have the
churn, the cream, the car and the
courage to try out the experiment.
We are told that the car should not
travel at a rate of more than six
miles an hour, as the agitation will be
excessive and the butter liable to be
too soft and lacking in fibre.

Our New Year Resolution

WELCOME, 1922! We are pledged to one New Year resolve for the coming year—to use Long Distance more for both business and social purposes!

"As a business man, my books show I didn't use it enough in 1921. Those who used it more came out better—and I'll tell you why:—

"Service is the bed-rock of business to-day—and service is personal. There is no way in which so much personal service can be rendered to so many people as by Long Distance.

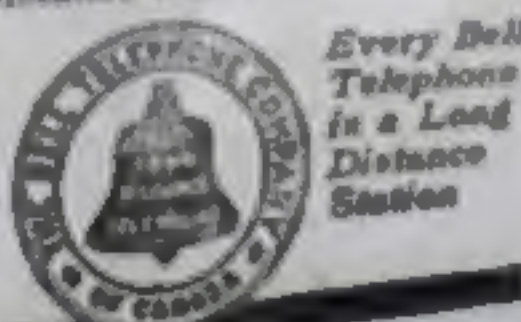

"The consumer and dealer look on Advertising and Long Distance as the source of news of new styles and new prices. Long Distance has enabled the isolation of small towns. It enables them to keep the rapidly-growing small-town trade at home.

"The Smiths and Browns and Robinsons whose shopping trips to town were formerly planned weeks ahead, now buy advertised goods by Long Distance.

"It enables us to go after sales direct. A letter is a good peddler or order-taker, but it rarely makes a sale. Only salesman, makes sales, and they can make lots of them by Long Distance.

"So bring us good luck and prosperity, 1922, and with raised hands we pledge ourselves to use Long Distance more."

As you watch the Old Year out and the New Year in, why not greet distant friends by Long Distance? The Night rate on Station-to-Station calls is very low.

SUPPLYING WINE TO YOUTHS UNDER AGE

In police court Wednesday the Canadian Grape Products Company of Jordan was charged by License Inspector King with giving, selling or supplying liquor to Charles Lampman, a person apparently under the age of 21 years.

F. H. Hetherington prosecuted. W. T. Henderson, Brantford, defended. Lampman, who lives four miles west of Smithville, drove to Jordan on the night of November 25, having with him two companions, one named Earl Top. Lampman said he was 17 years of age. It was between 11 and 11.30 when they reached Jordan and went to Mr. Hynes' home and awakened him. He came to the winery and sold Lampman a case of wine for \$2. Haynes did not ask his age.

Prior to buying the wine, they were each given a couple of sample drinks. Witness admitted that he gave a false address, saying that he lived in Hamilton.

Inspector King said he wouldn't take Lampman to be 21, though he was free to admit, persons might differ.

Archibald Hynes, vice-president of the company said the company was very strict about whom it sold to. He had no doubt whatever in his own mind that Lampman was over 21, or he wouldn't have got the wine.

To Mr. Hetherington, witness said he sized Top up as being about 20 years old.

"And yet you gave him two drinks of wine!" said Mr. Hetherington.

The magistrate said it was perfectly clear that the official of the company had treated the boys twice before the purchase was made. If the company is so particular as to whom it sells, it should be just as particular to whom it gives. It was illegal to give those two drinks to Top, a boy of 20.

"I may say that if it hadn't been for those drinks, I'd have hesitated in recording a conviction," said the magistrate, "as is it will impose the minimum penalty of \$50."—St. Catharines Standard.

BUY SIXTEEN SUITS OF CLOTHES AT ONE TIME

With prices as existing levels, how many men will buy sixteen suits of clothes at one time? As far as can be learned Wallace Reid is the only man who enjoys this unique distinction. His mark of sixteen suits at one order is said to be the record in this respect. It was just part of the preparatory work in connection with the filming of Cecil B. DeMille's latest Paramount picture "The Affairs of Anatol" which will be the feature at Moore's theatre on Thursday December 29th.

Mr. Reid plays the role of Anatol in the all star cast which includes Gloria Swanson, Elliott Dexter, Wanda Hawley, Bebe Daniels, Monte Blue, Theodore Koeff, Raymond Hatton, Julia Faye and Polly Moran. "Anatol" is a young man about town, of considerable means and carelessly fashionable in his attire. The screen war drobe for this role included sixteen suits of clothes.

This collection includes a number of business suits, hunting clothes, motoring clothes, fashionable afternoon, dinner and evening clothes, golf clothes and several less important costumes. Practically all of the suits are of distinctive cut and pattern and cannot be used again for screen wear.

GAINSBORO COUNCIL

Council met pursuant to adjournment. Members all present. Communications were read from Hydro-Electric Power Commission, enclosing agreements, which they requested the council to have executed if they wanted Hydro power for the residents of the municipality; from C. S. Holmes, tax collector, stating that he had been unable to collect all the taxes and asking for an extension of time to complete the collection.

On motion, the collector's time for returning the roll was extended until next council meeting.

Accounts paid: R. W. Lane, seasonal allowance and com. fees \$23.50; Joseph Cowan, seasonal allowance and com. fees \$17.50; Alfred Kennedy seasonal allowance and com. fees \$14.00; Harlan Strong seasonal allowance and com. fees \$23.00; W. J. Steward seasonal allowance and com. fees \$22.00; R. W. Freure balance of salary as clerk and treas. \$150.00; D. E. Krick balance of salary and gasoline used in car which he drove while performing his duties as road superintendent \$240.00; C. S. Holmes to apply on salary as tax collector \$150.00; A. T. Mitchell printing nomination bills \$2.50; R. W. Freure postage etc. Aug. 5th to Dec. 15th \$12.70; J. A. Darymple sheep bitten by dogs \$3.00; John Foster amount levied in excess of amount of debt S. S. No. 6 \$2.53.

Moved by Stew rd, seconded by Strong, that whereas our worthy Reeve has signified his intention of retiring from municipal life at the end of this year, that we take this opportunity of placing on record our deep appreciation of the faithful service he has always rendered his municipality during his long term of office and for the able manner in which he has always presided over the deliberations of the council. Carried.

The reeve, in a few well chosen remarks, thanked the council for passing the resolution and said that it had been a pleasure for him to preside over such an agreeable council.

Each member present made a few brief remarks, in which the retiring reeve had always performed the duties arising out of his office and voiced their regrets that it was his intention to retire from municipal life. The council then adjourned.

The Way to Wash Ribbons—To wash colored ribbons, make a strong lather of cold water and soap. Put the ribbons in this, and wash by pulling them through the hands. Rinse several times, and, when partly dry, press between two pieces of white wrapping paper, smoothing out the wrinkles carefully first.

the most valuable of all senses in the most neglected and the least understood.

Many suffer from ill that upon examination can be traced directly to defective sight.

The removal of the cause will often restore the delicate and rundown sufferer to robust health. When glasses are properly prescribed they restore the vision to normal and eliminate all eyestrain.

Evidently the Ontario Government intends to regulate the various motor bus services operating on routes in the Hamilton vicinity. Lately Government officials, who are making the survey, have been active in counting and tabulating the number of passengers being carried on radial cars and motor buses between Hamilton and Dundas, Burlington and Beamsville. It is said that there are too many buses in use and the fact that comparatively few passengers are using them does not justify the wear and tear of the roads on which they ply.

Reeve Marsh and Clerk Randall are in Toronto interviewing F. A. Dallyn, Chief Engineer of the Provincial Board of Health, in regard to getting permission to lay water mains in the Lakeview Gardens survey. This work must be sanctioned by the Provincial Board of Health, but without question, Messrs. Marsh and Randall will get the necessary permit. The owners of the property have guaranteed the Water Commission as to amount used and the construction of this extension will mean work for probably twenty-five or thirty men for nearly two months and Messrs. Marsh and Randall aim to get it started in order to eliminate any question of unemployment.

GOOD-BYE 1921

The world has passed through a troubled year—unrest, epidemics, unemployment with its poverty and distress, labor troubles, crop failures, etc., have combined to make it a year of sadness and misery for many nations and innumerable families.

Canada as a nation, however, has been fortunate—it is unfortunately true that we have had unemployment and its evils, but generally speaking, we are in a better position than any country on earth.

The coming year we believe will provide a wonderful change for the better—the Disarmament Conference has been a practical success; the Irish question is apparently settled; sterling is on the rise; the world generally is losing its spirit of unrest and is settling down to business.

We believe that soon this country will be in full swing; that the factories will all be operating on a full-time basis; that employment will be plentiful and that unemployment with its evils will cease.

For those of you to whom 1921 has been a year of joy and happiness it is our hope that the coming year will add to that joy and happiness.

For those, who through sickness, through loss of loved ones, through poverty or distress, have found 1921 a year of sadness and misery, we trust that the NEW YEAR will bring HEALTH, HAPPINESS and PROSPERITY.

Appreciations

Several nice Christmas greeting
cards have reached the desk, notable
among which is one from J. P. Rob-
ertson, grocer, and one from the
wholesale stationary firm of Dunlop,
Gillies & Co. of Hamilton. One of
the most appreciated is a personal let-
ter from J. A. Campbell, manager of
the Grimsby branch of the Bank of
Hamilton. The idea is unique and
will surely be appreciated by all re-
cipients. The letter reads:

Bank of Hamilton, Grimsby,
Dec. 23, 1921.

Messrs. Jas. A. Livingston & Sons,
Publishers, Grimsby.

Gentlemen:—I take this opportu-
nity of thanking you for your business
in the past year and can assure you
that we will give your account our
best service in the coming year.

Wishing you and all your staff the
compliments of the Holiday Season
and All Prosperity in the New Year.
I remain, yours faithfully,

J. A. Campbell,
Manager.

On December 7, 1921, The Inde-
pendent started a new era in its
career by the advancing from a six-
column to a seven-column paper,
which of course necessitated the pur-
chasing of a different paper on which
to print the larger size. As is usual
the wholesale house was taken into
consultation in order to get the best
suitable stock. Several have remark-
ed on the improvement and the follow-
ing letter from the wholesalers shows
that they are at least not ashamed of
the stock supplied and verify the
opinions expressed by others locally:

Hamilton, Ont., Dec. 20, 1921.

Messrs. Jas. A. Livingston & Sons,
Grimsby, Ont.

Gentlemen:—
Mr. Rason has given us the two
copies of The Independent, which he
received when recently in Grimsby.
The paper is very pleasing and
should be an increasing factor for
good in your town. We are glad that
the paper we shipped you shows up to
good advantage therein.

Wishing you the compliments of the
Season and prosperity for the coming
year, we are,

Yours truly,
Dunlop Gillies & Co. Limited.

NEW CHURNING METHOD

A near by farmer has a novel me-
thod of doing the family churning.
That was one of the hated chores of
long ago, and it had to be done be-
fore breakfast. Times have changed,
the drudgery has been eliminated and
the hated monotony has now become
a labor of love. The same old churn
will do but it must be more than half
full of cream. During the operation
the lid must be screwed down and the
whole contraption bolted to the
bottom of a car; a Ford will do. Now
everything is ready, and after run-
ning four miles and back over any
part of the Ontario Road System the
work will be done and the dairymaid
may skim off the better. We can't
vouch for the success of the work but
pass it on to those who have the
churn, the cream, the car and the
courage to try out the experiment.
We are told that of more than six
miles an hour, as the agitation will be
excessive and the butter liable to be
too soft and lacking in fibre.

fidence, and to assure you, that,
should I be re-elected, I shall en-
deavor at all times to further the
best interests of our Town.

Wishing you all a prosperous
New Year.

Yours faithfully,

ARTHUR HEWSON

**TOWN OF GRIMSBY
COUNCIL 1922**

Men and Women:

In over thirty years of news-
paper work I have sat at many
Council meetings and have had
unlimited opportunity to study
municipal affairs; also I have
read and re-read "The Municipal
Act" which book some of my op-
ponents do not even know the ex-
istence of.

In asking your support as a
candidate for the Council of 1922
I can assure you that the know-
ledge thus gained will be used to
your advantage.

We have been property own-
ers and taxpayers in Grimsby for
over fifty years, and I am selfish
enough to want our taxes not
raised, any more than you do
yours. But all reasonable im-
provements will have my
thorough sanction.

In anticipation, I thank you,

A.M. MILLWARD

Grimsby, Dec. 27, 1921.

VOTE FOR

D. E. SWAYZE

FOR

ALDERMAN

1922

YOUR VOTE

And influence is respectfully
solicited for

T. E. MANNELL

For

ALDERMAN

1922

Motto: Service and Economy.
A prosperous New Year to all.

After several years residence in

Grimsby, and after the importun-
ities of many electors I have de-
cided to become a candidate for

ALDERMAN

FOR 1922

I solicit your vote and promise to
do my best for the interests of the
Town of Grimsby.

PHILIP TREGUNNO

**To the Electors of the
Town of Grimsby**

Having served you to the best
of my ability in the Council for
1921, I again solicit your support
for re-election for the Council of
1922.

E. E. FAREWELL

**To the Electors of the
Town of Grimsby**

I have accepted the nomina-
tion for Councillor for the year
1922 and as I will be unable to
make a personal canvas I take
this opportunity of asking your
support.

Our New Year Resolution

WELCOME, 1922! We are pledged to one New Year resolve for the coming year—to use Long Distance more for both business and social purposes!

"As a business man, my books show I didn't use it enough in 1921. Those who used it more came out better—and I'll tell you why—"

"Service is the bed-rock of business to-day—and service is personal. There is no way in which so much personal service can be rendered to so many people, as by Long Distance."

"The consumer and dealer look on Advertising and Long Distance as the source of news of new styles and new prices. Long Distance has ended the isolation of small towns. It enables them to keep the rapidly-growing small-town trade at home."

"The Smiths and Browns and Robinsons whose shopping trips to town were formerly planned weeks ahead, now buy advertised goods by Long Distance."

"It enables us to go after sales direct. A letter is a good peddler or order-taker, but it rarely makes a sale. Only salesman, make sales, and they can make lots of them by Long Distance."

"So bring us good luck and prosperity, 1922, and with raised hands we pledge ourselves to use Long Distance more."

As you watch the Old Year out and the New Year in, why not greet distant friends by Long Distance? The Night rate on Station-to-Station calls is very low.

SUPPLYING WINE TO YOUTHS UNDER AGE

In police court Wednesday the Canadian Grape Products Company of Jordan was charged by License Inspector King with giving, selling or supplying liquor to Charles Lampman, a person apparently under the age of 21 years.

P. H. Hetherington prosecuted. W. T. Henderson, Brantford, defended.

Lampman, who lives four miles west of Smithville, drove to Jordan on the night of November 25, having with him two companions, one named Earl Top. Lampman said he was 17 years of age. It was between 11 and 11.30 when they reached Jordan and went to Mr. Hynes' home and awakened him. He came to the winery and sold Lampman a case of wine for \$9. Hynes did not ask his age.

Prior to buying the wine, they were each given a couple of sample drinks. Witness admitted that he gave a false address, saying that he lived in Hamilton.

Inspector King said he wouldn't take Lampman to be 21, though he was free to admit, persons might differ.

Archibald Hynes, vice-president of the company said the company was very strict about whom it sold to. He had no doubt whatever in his own mind that Lampman was over 21, or he wouldn't have got the wine.

To Mr. Hetherington, witness said he sized Top up as being about 20 years old.

"And yet you gave him two drinks of wine?" said Mr. Hetherington.

The magistrate said it was perfectly clear that the official of the company had tried the boys twice before the purchase was made. If the company is so particular as to whom it sells, it should be just as particular to whom it gives. It was illegal to give those two drinks to Top, a boy of 20.

"I may say that if it hadn't been for those drinks, I'd have hesitated in recording a conviction," said the magistrate, "as it is I will impose the minimum penalty of \$50."—St. Catharines Standard.

BUY SIXTEEN SUITS OF CLOTHES AT ONE TIME

With prices as existing levels, how many men will buy sixteen suits of clothes at one time? As far as can be learned Wallace Reid is the only man who enjoys this unique distinction. His mark of sixteen suits at one order is said to be the record in this respect. It was just part of the preparatory work in connection with the filming of Cecil B. DeMille's latest Paramount picture "The Affairs of Anatol" which will be the feature at Moors theatre on Thursday December 29th.

Mr. Reid plays the role of Anatol in the all star cast which includes Gloria Swanson, Elliott Dexter, Wanda Hawley, Bebe Daniels, Monte Blue, Theodore Kido, Raymond Hatton, Julia Faye and Polly Moran. "Anatol" is a young man about town, of considerable means and carelessly fashionable in his attire. The screen wardrobe for this role included sixteen suits of clothes.

This collection includes a number of business suits, hunting clothes, motorizing clothes, fashionable afternoon, dinner and evening clothes, golf clothes and several less important costumes. Practically all of the suits are of distinctive cut and pattern and cannot be used again for screen wear.

GRIMSBY COUNCIL

Council met pursuant to adjournment. Members all present.

Communications were read from Hydro-Electric Power Commission, enclosing agreements, which they requested the council to have executed if they wanted Hydro power for the residents of the municipality; from C. B. Holmes, tax collector, stating that he had been unable to collect 111 the taxes and asking for an extension of time to complete the collection.

On motion, the collector's time for returning the roll was extended until next council meeting.

Accounts paid:

R. W. Lene, seasonal allowance and com. fees \$33.50; Joseph Cowan, seasonal allowance and com. fees \$17.50; Alfred Kennedy seasonal allowance and com. fees \$14.00; Harlan Strong seasonal allowance and com. fees \$25.00; W. J. Stewart seasonal allowance and com. fees \$22.00; S. W. Freure balance of salary as clerk and treas. \$150.00; D. E. Krick balance of salary and gasoline used in car which he drove while performing his duties as road superintendent \$240.00; C. B. Holmes to apply on salary as tax collector \$150.00; A. T. Mitchell printing nominating bills \$2.50; S. W. Freure postage etc. Aug. 15th to Dec. 15th \$13.70; J. A. Darymple sheep bitten by dogs \$3.00; John Foster amount levied in excess of amount of debt S. S. No. 4 \$2.53.

Moved by Stew. rd. seconded by Strong, that whereas our worthy Reeve has signified his intention of retiring from municipal life at the end of this year, that we take this opportunity of placing on record our deep appreciation of the faithful service he has always rendered his municipality during his long term of office and for the able manner in which he has always presided over the deliberations of the council. Carried.

The reeve, in a few well chosen remarks, thanked the council for passing the resolution and said that it had been a pleasure for him to preside over such an agreeable council.

Each member present made a few brief remarks, no all referred to the able manner in which the retiring reeve had always performed the duties arising out of his office and lauded their regrets that it was his intention to retire from municipal life. The council then adjourned.

EYESIGHT

the most valuable of all senses is the most neglected and the least understood.

Many suffer from ill that upon examination can be traced directly to defective sight.

The removal of the cause will often restore the delicate and rundown sufferer to robust health. When glasses are properly prescribed they restore the vision to normal and eliminate all eyestrain.

Evidently the Ontario Government intends to regulate the various motor bus services operating on routes in the Hamilton vicinity. Lately Government officials, who are making a survey, have been active in counting and tabulating the number of passengers being carried on radial cars and motor busses between Hamilton and Dundas, Burlington and Beamsville. It is said that there are too many busses in use and the fact that comparatively few passengers are using them does not justify the wear and tear of the roads on which they ply.

Reeve Marsh and Clerk Randall are in Toronto interviewing F. A. Dallyn, Chief Engineer of the Provincial Board of Health, in regard to getting permission to lay water mains in the Lakeside Gardens survey. This work must be sanctioned by the Provincial Board of Health, but without question, Messrs. Marsh and Randall will get the necessary permit. The owners of the property have guaranteed the Water Commission as to amount used and the construction of this extension will mean work for probably twenty-five or thirty men for nearly two months and Messrs. Marsh and Randall aim to get it started in order to eliminate any question of unemployment.

GOOD-BYE 1921

The world has passed through a troubled year—unrest, epidemics, unemployment with its poverty and distress labor troubles, crop failures, etc., have combined to make it a year of sadness and misery for many nations and innumerable families.

Canada as a nation, however, has been fortunate—it is unfortunately true that we have had unemployment and its evils, but generally speaking, we are in a better position than any country on earth.

The coming year we believe will provide a wonderful change for the better—the Disarmament Conference has been a practical success; the Irish question is apparently settled; sterling is on the rise; the world generally is losing its spirit of unrest and is settling down to business.

We believe that soon this country will be in full swing; that the factories will all be operating on a full-time basis; that employment will be plentiful and that unemployment with its evils will cease.

For those of you to whom 1921 has been a year of joy and happiness it is our hope that the coming year will add to that joy and happiness.

For those, who through sickness, through loss of loved ones, through poverty or distress, have found 1921 a year of sadness and misery, we trust that the NEW YEAR will bring HEALTH, HAPPINESS and PROSPERITY.
